June 2023

Dear Parent/Carer,

Please find enclosed a copy of the Year 10 Pre-Public Examination (PPE) timetable which commences on Monday 19th June 2023. These PPEs are very important as they provide students' teachers with vital information about what they can and cannot do in each subject. Should students be absent from school for any reason, and miss a PPE, they will need to catch up on these at a later date.

Students should familiarise themselves with the "Information for Candidates" documents available on the JCQ website;

<http://www.jcq.org.uk/exams-office/information-for-candidates-documents/>

These can also be found by scanning the QR Code to the right.

Pre-Public Examinations give students the experience of what it will be like to sit an exam in examination conditions, as well as how to revise in preparation for an exam. It is very important students are well prepared for these by doing plenty of revision. Students should be aiming to do at least an hour's revision each night, spread across 2 to 3 subjects.

I would also like to make you aware that if students "give up" in these pre-public exams and do not make their best possible effort, we will be asking them to retake the exam in their own time. Revision is therefore important so that they can write throughout the whole exam. Only materials studied to date will be included in the exams; there will not be anything they have not seen before.

Finally, Colleges, 6th Forms and Apprenticeship providers ask students to provide the grades from PPEs on applications and often ask us for them, so revision for these is really important.

Should you or your child require extra support preparing for these exams, please do not hesitate to contact me.

Yours sincerely,

**Mrs K Hill**
