Define (say what it means):

Human Geography:

Physical Geography:

Social effects:

Economic effects:

Environmental effects:

Define (say what it means):

Migration:

Push Factor:

Pull Factor

Refugee:

Welfare System:

Why did people want to leave Syria in 2011?

Why did workers from Poland want to come to the UK?

What good and bad (positive and negative) impacts does migration have on the UK?

Positive:

Negative:

What are the 7 continents of the world?

1.
2.
3.
4.
5.
6.
7.

What are the 5 oceans of the world?

1.
2.
3.
4.
5.

Y7 Unit 1 Revision

What makes a good geographer and what is Europe's place in the World?

What 4 countries make up the United Kingdom?

1.

2.

3.

4.

How many countries are part of the European Union?

In which year did the UK vote to leave the EU?

If an OS map has a scale of 1cm: 25,000 this means that every 1cm on a map is 25,000cm in real life.

How many km would this be in real life?

Define (say what it means):

GIS:

Why might we use GIS?

What do contour lines show on an OS map?

What is the golden rule for working out grid references?
