Statement of Intent

Hope Sentamu Learning Trust (HSLT) understands that visits and trips can be an effective way of motivating pupils, and can often offer unique opportunities and educational experiences. The Trust aims to ensure pupils are engaged in their learning and that they are provided with plenty of opportunities to explore this more in a practical setting. The Trust believes that educational visits can enhance pupils' development, raise achievement and help to improve the overall school/academy performance and ethos. The Trust will ensure that all pupils are offered the opportunity to attend any educational visit/trip no matter their age, ability or circumstances.

The health and wellbeing of our staff and pupils is of utmost importance and the Trust prioritises this when organising off-site activities such as school trips. The Trust aims to establish a safe and welcoming learning environment during educational visits. This policy has been designed alongside the DfE and HSE guidance to meet all applicable legislation and to detail the responsibilities of pupils, staff and any other parties whilst they participate in educational visits/school trips off site.

4. Planning School Trips

- 4.1 Prior to planning a school trip, the following guidance will be read by the **designated trip leader**:
- HSE - [School trips and outdoor learning activities \(2011\)](#)
 - DfE - [Health and safety on educational visits \(2018\)](#)
- 4.2 A thorough risk assessment will be conducted by the **designated trip leader** during the planning of the trip, to ensure pupil and staff safety.
- 4.3 When partaking in adventure trips, activities will always be identified at the planning stage and never added during the trip. When planning water sport activities, the need for instructors and lifeguards will be taken into account, particularly when using facilities which may not have a trained lifeguard present.
- 4.4 The school/academy will do everything in its power to ensure that all pupils are given an opportunity to participate in school trips, for example, organising two trips with a smaller group size or finding a venue which can cater for all pupils and is completely accessible. Where there is a maximum capacity of pupils for a trip (such as residential or overseas trips), places will be allocated on a first come, first served basis. This will be clearly communicated to parents/carers.

- 4.5 When planning an educational trip or activity, the LGC will ensure the trip does not discriminate against a particular individual, or group of pupils. School trips will be agreed upon by the LGC before any formal plans have been implemented. Each pupil will have an equal opportunity to participate in a pre-planned trip or activity. Any disputes relating to pre-planned educational trips or activities will be discussed and resolved by the LGC.

5. Risk Assessment Process

- 5.1 Our risk assessment process is designed to manage risks when planning trips, while ensuring that learning opportunities are experienced to the fullest extent. The individual carrying out the risk assessment process will have the skills, status and competence needed for the role, understand the risks involved, and be familiar with the activity.
- 5.2 The process is as follows:
- Identify the hazards
 - Decide who might be harmed and how this could occur
 - Evaluate the risks to pupils, volunteers (where applicable) and staff members, and then decide on precautions and control measures required to minimise the risks
 - Record findings and implement them
 - Review assessment and update if necessary
- 5.3 A risk assessment will be conducted for each school trip before it is undertaken to identify hazards and control measures specific to the trip.

6. Vetting Providers

- 6.1 When considering external providers for activities, the educational visits coordinator will check whether they hold the [‘Learning Outside the Classroom Quality Badge’](#) to indicate they meet nationally recognised standards.
- 6.2 If a provider does not hold the badge, the educational visits coordinator will check the following to ensure they are a suitable organisation to work with:
- Their insurance arrangements
 - Their adherence to legal requirements
 - Their control measures
 - Their use of vehicles
 - Staff competency levels
 - Safeguarding policies
 - The suitability of their accommodation
 - Any sub-contracting arrangements in place
 - The presence of necessary licences
- 6.3 If it is deemed appropriate to engage with an external provider, a written agreement will be created outlining what each party is responsible for. If an organisation does not meet the school/academy’s standards, they will not be considered.

7. Equal Opportunities

- 7.1 The school/academy promotes values of equality and does not discriminate against any individual or group of pupils when organising a trip. The extra-curricular trips and activities offered to pupils will provide new experiences and develop life skills. Extra-curricular trips and activities are organised, managed and conducted in accordance with the Trust's Equality Policy and Objectives.
- 7.2 Due to the popularity of some extra-curricular trips and activities, the school/academy offers places on a first come, first served basis. Any individual, staff or otherwise, shown to be taking preference over one pupil or a group of pupils will be subject to formal disciplinary action.
- 7.3 Where possible, pupils will be given the opportunity to contribute to the planning and organisation of extra-curricular trips and activities.
- 7.4 For school trips that require additional payment, the fee will be reasonable and help will be provided where possible for pupils who cannot afford to pay this fee.

8. Transport

Please note: The following is applicable only to schools/academies who are in possession of a Minibus for school/academy use.

- 8.1 The **Support Services Manager (SSM)** is responsible for arranging the annual maintenance of any school/academy owned minibuses, including MOTs and road tax. The use of minibuses will be organised in accordance with the Trust's Minibus Policy.
- 8.2 Any drivers responsible for driving a school/academy owned minibus must:
 - Complete MIDAS (Minibus Driver Awareness Scheme) training
 - Be aged 21 or over
 - Have at least two years' experience as a qualified driver
 - Hold a valid full driving licence with no more than 3 penalty points
- 8.3 Internal damage to a school/academy owned minibus is the responsibility of the individuals using the minibus. The school/academy will decide who is responsible for covering the cost of any repairs. The minibus will carry strictly one person per seat and seat belts must be worn at all times. Fines incurred will be paid by whoever was driving the minibus at the time the offence was committed.
- 8.4 Start and finish mileage, along with any potential risks, defects or damage identified, will be reported upon return to the school/academy. Please refer to [Appendix 5](#) for localised procedures, including details of staff members who hold the required licence and have completed specific training which allows them to drive the school/academy minibus.

9. Parent/Carer Consent

- 9.1 Parental consent is sought on an annual basis at the beginning of each academic year, and otherwise during enrollment for any pupils transferring mid-year. This only covers off-site activities that take place during school hours as these usually form part of the expected curriculum. However, where looked-after children or previously looked-after children are expected to participate in any off-site activity, further discussions or consent may be sought from the parents/carers to ensure there are no additional risks for the child(ren) to be taken to any specific venue.

- 9.2 Parental consent is required for all trips and visits that sit outside those stated within 9.1 including those defined as low to medium risk.
- 9.3 Additional specific written consent is required for:
- Activities of an ‘adventurous’ nature (as outlined in section 2.4)
 - Residential trips
 - Overseas trips
 - Trips expected to occur outside of normal school hours
 - Any other educational visit/trip determined as High Risk
- 9.4 Parents/carers will be informed of activities via letter and will have the opportunity to withdraw their child from taking part if they do not deem an educational visit to be appropriate for their child.

10. Staffing Ratios

- 10.1 The school/academy will ensure that there are sufficient members of suitable staff available on a school trip to safely and effectively manage an emergency situation. Consideration must be given to factors such as gender, age, ability, medical conditions and other related elements of the pupils.
- 10.2 The school/academy will ensure there are sufficiently trained staff available to supervise pupils on a school trip and to offer suitable wellbeing advice and guidance when required.
- 10.3 With the exception of early years settings, whose staff to pupil ratios are outlined on pages 28 to 30 of the [Statutory framework for the EYFS](#), there is currently no statutory guidance on staff to pupil ratios in secondary schools/academies, both on and off the school/academy premises.

Union advice, however, tends to offer a general recommendation and DfE advice can enable schools/academies to make an informed decision.

- 10.4 The DfE’s [‘Health and safety: advice on legal duties and powers’](#) 2014, however, states: ***“Schools need to consider their duties under health and safety law when planning trips abroad.”***

The DfE document also makes reference to the HSE’s frequently asked questions on school trips, which says: “Pupil to staff ratios for school trips are not prescribed in law. Those planning trips, on the basis of risk assessment, should decide the ratios, taking into account the activity to be undertaken and the age and maturity of the pupils.”

- 10.5 The [NSPCC](#) provides guidance on recommended staffing ratios for working with children, including outside of the school environment. When working with groups of children and young people there must be a sufficient number of adults to provide the appropriate level of supervision.
- 10.6 The NSPCC has provided best practice guidance to help schools/academies to work out how many adults are needed to supervise pupils safely. It is recommended to have at least two adults present when working with or supervising children and young people.
- 10.7 The suggested **‘starting points’** for considering staffing ratios, e.g. for visits to local historical sites, museums and local walks are as follows:
- One adult for every six pupils in years 1 to 3
 - One adult for every eight pupils in years 4 to 6

- One adult for every ten pupils in year 7 onwards

*These must be considered as minimum ratios only.

11. Insurance and Licensing

- 11.1 When planning activities of an adventurous nature in the UK, the **educational visits coordinator** will check that the provider of the activity holds a current licence. Insurance will be organised for every trip, no matter how short, to ensure adequate protection and medical cover is in place. Parents/carers will be informed of the limits of any insurance cover.
- 11.2 Where a crime is committed against a member of the party, it will be reported to the **Chief Operating Officer** (or **Trust Operations Manager** in their absence) and local police as soon as possible.
- 11.3 Medical expenses will be recorded and stored in the school/academy main office.

12. Accidents and Incidents

- 12.1 In the case of accidents and injuries while on a school trip in the UK, the school/academy's accident reporting process will begin, as detailed in the Trust's Health and Safety Policy & Procedures Manual.
- 12.2 In the case of accidents and injuries while on a school trip abroad:
- Organisers will cooperate fully with local emergency services and understand that any injury or death of a member of staff or pupil outside of the UK may be subject to the law of the land where the accident occurred
 - The first point of contact within the UK will be the Headteacher/Principal who will seek advice from the **Chief Operating Officer** (or **Chief Executive Officer** in their absence) before making contact with the NOK of the injured person
 - Pupils will be asked not to contact friends or parents in the UK until the NOK of the injured person can be contacted
 - The British Embassy/Consulate will be informed
 - The insurer will be notified
- 12.3 The Headteacher/Principal will keep written records of any incidents, accidents and near misses as per the Trust's Data Retention Schedule (Appendix 1 within the **Data Protection (UK GDPR) Policy**).
- 12.4 Media enquiries will be referred to the Headteacher/Principal or, if they are not available, the deputy Headteacher/Principal or the most senior member of staff available who will seek advice from the **Chief Operating Officer** before speaking to the press.
- 12.5 Staff will be briefed on how to react and respond should an emergency situation occur. Relevant risk assessments will be undertaken before the trip, including for points of interests such as museums and hotels. Pupils and staff are informed of an evacuation plan before entering trip venues; this should include an agreed rendezvous point, to ensure everyone knows what to do in an emergency.
- 12.6 To ensure pupils are easily identifiable, they must wear their uniform. Where school trips are of an 'adventurous nature', uniforms may not be appropriate for the intended activity. In this case, pupils will be given a ribbon/flag/badge or other token to enable staff members and pupils to be able to easily identify them. Similarly, where school trips are scheduled to last longer than one day, pupils will not be

expected to wear a full uniform for the duration of the trip. Please refer to [Appendix 5](#) for further information on appropriate dress code for pupils on school trips.

13. Missing Person Procedure

- 13.1 The school/academy places pupil and staff safety as its highest priority when participating in school trips, either domestically or abroad.
- 13.2 Before embarking on a school trip, extensive risk assessments are undertaken in accordance with this policy. The **educational visits coordinator** and **designated trip leader** will liaise with the venues of the school trip(s) to ensure the correct group sizes are planned for each setting.
- 13.3 When travelling with pupils with SEND, the **educational visits coordinator** will ensure an appropriate adult accompanies them at all times and that the visit is adequately modified to suit the pupils' needs in accordance with Trust policies.
- 13.4 Everyone on the trip will be provided with a contact sheet for all members of staff, in the event they are unable to locate their group. All staff members and pupils will be required to carry mobile phones with them at all times. If a pupil doesn't own a mobile phone, they will be paired up with a pupil who has a mobile phone.
- 13.5 Upon arriving at every venue, the designated trip leader will identify a rendezvous point where pupils and adults should go if they become separated from the rest of the group. Pupils and staff will wear school/academy branded clothing, or another appropriate identifier in order to make them easily identifiable. Please refer to [Appendix 5](#) for further information regarding dress code.
- 13.6 Regular head counts of all pupils and staff will take place throughout the day to ensure all persons are present at all times.
- 13.7 In the event that an individual becomes separated from the group whilst partaking in a school trip:
 - The **designated trip leader** will ensure the safety of the remaining pupils and staff by taking a register to identify who is missing.
 - The designated trip leader will immediately identify at least one adult to start looking for the missing individual and another adult to contact them via telephone; these people will look for the person until, where necessary, the police arrive.
 - Where possible, the venue will be notified of the missing person to help ensure the individual is found quickly.
 - If the person cannot be contacted or located within 10 minutes, the local police or relevant authorities, e.g. the British Embassy, will be contacted.
 - If the police are called, the trip leader will contact the headteacher/principal, or other available person, back at the school/academy and inform them of what has happened.
- 13.8 If the police, or another authority, is called to an incident where someone is missing, they will oversee locating the person and will advise on factors including, but not limited to, when to contact the missing person's NOK.
- 13.9 If the missing person cannot be found, the group will return to the school/academy. If this is not possible, e.g. when a trip is taking place abroad, the **educational visits coordinator** will make arrangements to ensure the group's safety, e.g. by changing venues or cancelling visits.

- 13.10 If a member of the party has gone missing and is subsequently found, the **designated trip leader** will:
- Review the group sizes and staffing ratios to ensure no one becomes separated from their group.
 - Review whether more registers should be conducted throughout the day.
 - Assess which venues they attend to ensure they are suitable for the group.
 - Make recommendations to the **educational visits coordinator** to ensure similar incidents can be avoided in the future.

14. Pupils with SEND

- 14.1 Where possible, activities and visits will be adapted to enable pupils with SEND to take part. The SENCO will liaise with the pupils' parents/carers, where appropriate, to consider what reasonable adjustments may be necessary.
- 14.2 Where this is not possible, an alternative activity of equal educational value will be arranged for all pupils. Pupils with SEND will be accompanied by a responsible adult during the extra-curricular trip or visit.

15. Finance

- 15.1 The financial procedures outlined in the Trust's **Charges and Remissions Policy** will always be followed when arranging trips.
- 15.2 Please refer to [Appendix 3](#) for further information regarding deadlines for trip organisers to submit financial requests during the trip planning phase.
- 15.3 The school/academy will act in accordance with the DfE's guidance document 'Charges for school activities' (2018) and, therefore, will only charge for trips which are classed as an 'optional extra'. This is education provided outside of school time which is not:
- Part of the national curriculum.
 - Part of a syllabus for an examination that the pupil is being prepared for at the school/academy.
 - Part of religious education.
- 15.4 Money for school trips will always be paid directly to the school/academy. Under no circumstances should school trip money be processed through personal accounts.
- 15.5 All letters to parents/carers regarding school trips will include a clause explaining what will happen in the event that the trip is cancelled or a pupil cancels their place on the trip.
- 15.6 In the event that the trip is cancelled due to unforeseeable circumstances, it is at the Headteacher/Principal's discretion as to whether a refund is given to parents/carers.
- 15.7 In the event that a pupil cancels their place on a trip, it is at the Headteacher/Principal's discretion as to whether a refund is given to parents/carers. The Headteacher/Principal will consider the pupil's reasons for cancelling their place, whether the school/academy will be reimbursed for the pupil's place on the trip, and whether the space on the trip can be offered to someone else. Where a pupil has previously cancelled a space on a school trip and received a full refund, the school/academy reserves the right to refuse to allow the pupil to attend future trips and visits.

- 15.8 The school/academy will take a common-sense approach to refunds and cancellations, ensuring that all pupils are treated equally. Any charge made in respect of pupils will not exceed the actual cost of providing the trip divided equally by the number of pupils participating.
- 15.9 Once trip arrangements are booked and confirmed, if contributions to a trip exceed the total cost of the trip, a refund will be given where the excess is greater than £1 per pupil. Any excess of expenditure will be subsidised by the school/academy fund.

16. Trips Abroad

- 16.1 When planning school trips abroad, the school/academy will consider the Foreign and Commonwealth Office's guidance 'Safer adventure travel and volunteering overseas' (2015) and, where an activity poses significant risks, the school/academy will also consult the British Standard for adventurous activities outside the UK.
- 16.2 Validity of passports, visa requirements and other entry requirements, e.g. vaccination status, will be researched and dealt with within **three months** of the initial notification of the trip, to avoid problems when the trip is due to take place.
- 16.3 Staff and pupils will be taught about the culture and values of the country they are visiting, to ensure they understand and respect the values of the citizens.
- 16.4 At least **three months** before the trip is due to commence, the educational visits coordinator will check the travel advice for each country the trip will visit to ensure no visa or permit is needed and to check any other regulations or time limitations.
- 16.5 Staff and pupils will be made aware that they must not have spent over 90 days in the EU, Switzerland, Norway, Iceland or Liechtenstein, within a 180-day period if they intend to participate in any trips within these countries.
- 16.6 Before the trip, the relevant healthcare and travel insurance checks will be conducted to ensure attendees are covered for medical issues or accidents.
- 16.7 Pupils and staff will be informed if they need to apply for a free Global Health Insurance Card (GHIC) or European Health Insurance Card (EHIC) to ensure they can access state-provided healthcare during a temporary stay in the EU.
- 16.8 Before the trip, staff are trained in spotting suspicious behaviour and remaining vigilant whilst abroad.
- 16.9 Before the trip, pupils will be taught how to remain vigilant in the country they are visiting, particularly about advances from strangers.
- 16.10 Registers will be taken at the start and end of each day, as well as before, during, and after events, and at regular intervals whilst on days out to ensure the whereabouts of pupils are known at all times.
- 16.11 Staff will check the location's local news at the start of each day of the trip, to ensure their planned activities are safe to go ahead. A minimum of two members of staff attending the trip will have at least an intermediate understanding of the destination country's language.

16.12 At the start of the trip, all pupils and staff are provided with an emergency contact sheet, this includes the designated trip leader's mobile phone number, as well as emergency numbers and phrases for the country they are visiting.

16.13 When using external providers abroad, the school/academy will check whether the provider holds an equivalent of the 'Learning Outside the Classroom Quality Badge'. If no such equivalent can be ascertained, the school/academy will make checks prior to agreeing to use the provider.

17. Evaluating Visits and Trips

17.1 Following an educational trip and/or visit, the **educational visits coordinator** will meet with any staff members present on the trip to assess the success of the trip in respect of both educational value and safeguarding effectiveness.

17.2 Based on this assessment, recommendations will be made to improve future trips and visits.

18. Monitoring and Review

18.1 The effectiveness of this policy will be monitored by the headteacher/principal.

18.2 This policy will be reviewed annually by the **Trust Operations Manager** and approved by the **Resources Committee** on behalf of the Trust Board.

18.3 The next scheduled review date for this policy can be found on the cover page.
